Hey Google: Instead of spamming the known universe with Adwords coupons for "new accounts only", why don't you let new advertisers actually run some ads for once?. There's something completely broken with the logic of doing everything in your power to bring new businesses to Adwords, then arbitrarily making them pay a "newbie tax" combination of high bids/low Quality Score before ...

Basics. Google hacking involves using advanced operators in the Google search engine to locate specific strings of text within search results. Some of the more popular examples are finding specific versions of vulnerable Web applications. A search query with `intitle:admbook intitle:Fversion filetype:php` would locate all web pages that have that particular text contained within them.
