AP's high school Physics 1: Algebra-Based course is a rigorous, college-level class that provides an opportunity to gain skills colleges recognize.

### **AP Physics 1: Algebra-Based " Students - College Board**

A First Course in Linear Algebra is an introductory textbook designed for university sophomores and juniors. Typically such a student will have taken calculus, but this is not a prerequisite. The book begins with systems of linear equations, then covers matrix algebra, before taking up finite-dimensional vector spaces in full generality.

This book worked great with my class. Very similar to the previous edition so if you need to save money, you could get the older one. It's always recommended that if you've been assigned problems to check out the edition on reserve in your college library just to make sure the numbering hasn't changed.
