Introduction This document is intended to serve as a guide to the multiple-choice question (MCQ) examinations offered by the American Board of Surgery (ABS).

Guide to ABS Multiple-Choice Examinations

Multiple-criteria decision-making (MCDM) or multiple-criteria decision analysis (MCDA) is a sub-discipline of operations research that explicitly evaluates multiple conflicting criteria in decision making (both in daily life and in settings such as business, government and medicine). Conflicting criteria are typical in evaluating options: cost or price is usually one of the main criteria, and ...

[CIVIL ENGINEERING] Multiple Choice Questions and Answers 2018

In statistical modeling, regression analysis is a set of statistical processes for estimating the relationships among variables. It includes many techniques for modeling and analyzing several variables, when the focus is on the relationship between a dependent variable and one or more independent variables (or 'predictors'). More specifically, regression analysis helps one understand how the ...
