AS9100D Is Here! The 2016 version of AS/EN/JISQ 9100 Quality Management Systems - Requirements for Aviation, Space and Defense Organizations standard was released in September 2016.

AS9100D Is Here! - Perry Johnson Registrars-Quality Assurance

AS9100D is a quality management standard for aerospace organizations. Use it to establish, update, and certify your organization's quality management system (QMS).

AS9100D Translated into Plain English - praxiom.com

AS9100 is a widely adopted and standardized quality management system for the aerospace industry. It was released in October, 1999, by the Society of Automotive Engineers and the European Association of Aerospace Industries.. AS9100 replaces the earlier AS9000 and fully incorporates the entirety of the current version of ISO 9000, while adding requirements relating to quality and safety.
