Matrilineality is the tracing of descent through the female line. It may also correlate with a societal system in which each person is identified with their matriline – their mother's lineage – and which can involve the inheritance of property and/or titles. A matriline is a line of descent from a female ancestor to a descendant (of either sex) in which the individuals in all intervening ...

WHAT WAS THE AIM. To ask the fundamental question: "How do we design, not for a faceless future, but for an ever-changing present?" To answer this question we sought to understand what are the key drivers of change in healthcare, review prevalent trends in response, assess the facility implications of these trends, identify innovations and evidence support through literature searches and case ...
