

classical ballet technique pdf

Classical ballet is based on traditional ballet technique and vocabulary. Different styles have emerged in different countries, such as French ballet, Italian ballet, English ballet, and Russian ballet. Several of the classical ballet styles are associated with specific training methods, typically named after their creators (see below).

Ballet - Wikipedia

Contemporary ballet is a genre of dance that incorporates elements of classical ballet and modern dance. It employs classical ballet technique and in many cases classical pointe technique as well, but allows greater range of movement of the upper body and is not constrained to the rigorously defined body lines and forms found in traditional, classical ballet.

Contemporary ballet - Wikipedia

Ballet, theatrical dance in which a formal academic dance technique—the danse d'academie—is combined with other artistic elements such as music, costume, and stage scenery. The academic technique itself is also known as ballet. This article surveys the history of ballet.
