Cognos (Cognos Incorporated) was an Ottawa, Ontario-based company making business intelligence (BI) and performance management (PM) software. Founded in 1969, at its peak Cognos employed almost 3,500 people and served more than 23,000 customers in over 135 countries until being acquired by IBM on January 31, 2008. While no longer an independent company, the Cognos name continues to be applied ...

In software engineering, the active record pattern is an architectural pattern found in software that stores in-memory object data in relational databases. It was named by Martin Fowler in his 2003 book *Patterns of Enterprise Application Architecture*. The interface of an object conforming to this pattern would include functions such as Insert, Update, and Delete, plus properties that correspond ...
