### **Fleet Street Colossus: The Rise and Fall of Northcliffe**

Colossus was an enjoyable read, mostly because it went into great depth of history and didn't try to beat down its point too much. The reader is presented with a decent, albeit brief, history of American territorial gains.

But is today's American colossus really equipped to play Atlas, bearing the weight of the world on its shoulders? The United States, Ferguson reveals, is an empire running on empty, weakened by chronic deficits of money, manpower and political will.

### **Colossus: The Rise and Fall of the American Empire - Niall**

Colossus: The Rise And Fall Of The American Empire (2005) About book: Though this book was written in 2003, it comes across as somewhat dated. It spends a great deal looking at the balance of power in the then present as it seeks to justify the benevolence of the American Empire, alluding that perhaps if not for it, then calamity would befall the World.

### **Colossus: The Rise and Fall of the American Empire: Niall**

The Rise of the Federal Colossus shows how inadequate state responses to the enormous changes that took place in American life during the late nineteenth and early twentieth centuries led many to demand federal action.
