Daniel Barringer (May 25, 1860 – November 30, 1929) was a geologist best known as the first person to prove the existence of an impact crater on the Earth, the Meteor Crater in Arizona. The site, owned privately by Barringer and now by his family, has been renamed the Barringer Crater in his honor, although this name is mainly used in the scientific community.

Abstract. Kedarath Fountain-Pond, Gujarat, India is a probable new Meteor Impact Crater Fountain-Pond which is irregular, very old and eroded. In this note we report some preliminary observations about it and invite attention of international community of scientists towards its existence and studies and to establish finally whether or not, it is a Meteor Impact Crater.
