

corporate governance 2nd edition pdf

Corporate governance is the mechanisms, processes and relations by which corporations are controlled and directed. Governance structures and principles identify the distribution of rights and responsibilities among different participants in the corporation (such as the board of directors, managers, shareholders, creditors, auditors, regulators, and other stakeholders) and includes the rules ...

Corporate governance - Wikipedia

Needed this textbook for course towards my undergrad degree. Upon reading it initially, is a bit overwhelming and written as if the reader is a professional with a background in business and not for an undergrad student being introduced to concepts within corporate structure.
