The article presents a conceptualization of power as relational, productive, contingent and situated. The analysis integrates sociotechnical thinking with the concepts of human and constitutive power.

Towards a conceptualization of power in energy transitions

The linguistic origins of mania in relation to bipolar disorder. The linguistic origins of mania, however, are not so clear-cut. Several etymologies are proposed by the Roman physician Caelius Aurelianus, including the Greek word "mania", meaning to produce great mental anguish, and "manos", meaning relaxed or loose, which would contextually approximate to an excessive relaxing of the mind or ...

Managing Depression Using Rational Emotive Behavior

Social work case management is a process of linking clients to services that enhance their functional capacity, from assessment to comprehensive intervention for equitable client care. According to NASW (1984) "Case management is a mechanism for ensuring a comprehensive program that will meet an individual's need for care by coordinating and linking components of a service delivery system."

childhood survivor of trauma who is now suffering from the dual disorder of PTSD and addiction

An Example Psychological Case Formulation: PTSD Treatment

A cognitive conceptualization of low self-esteem has been proposed (see Figure 1) and a cognitive-behavioral treatment (CBT) program described (Fennell, 1997, Fennell, 1999, Fennell, 2004). Despite self-evaluative beliefs commonly being a target for intervention in CBT (e.g., Padesky, 1991, Padesky, 1994), the effectiveness of CBT for low self-esteem has yet to be systematically evaluated.
