

electronic communications a system pdf

The Internet and electronic communications (also called computer mediated communications, or CMC) doesn't just mean new tools for communication; it means new ways to communicate.

Why Use Electronic Communications?

The Electronic Key Management System (EKMS) system is a United States National Security Agency led program responsible for Communications Security key management, accounting, and distribution. Specifically, EKMS generates and distributes electronic key material for all NSA encryption system whose keys are loaded using standard fill devices, and directs the distribution of NSA produced key material.
