The importance of Antun Lucic - Anthony F. Lucas for the development of petroleum engineering worldwide is analogous to that of Nikola Tesla (also born in Croatia) for the development of electrical engineering.. As to his nationality, it is often mistakenly described as Austrian, and sometimes even Italian (like in Who is Who in America, where there is also another mistake - that he was born ...

The space-grant colleges are educational institutions in the United States that comprise a network of 52 consortia formed for the purpose of outer space-related research. Each consortium is based in one of the 50 states, the District of Columbia, or Puerto Rico, and each consists of multiple independent space-grant institutions, with one of the institutions acting as the lead.
