Cognates: the 25,000 English words learners already understand in Spanish, Portuguese, Italian and French, among other languages.

Cognates & Cognate Linguistics

A number of texts from various parts of the Near East contain West Semitic words and phrases. The most important of these are the tablets from the ancient Egyptian city of

Vines Expository Dictionary

The longest word in any given language depends on the word formation rules of each specific language, and on the types of words allowed for consideration.. Special considerations. Agglutinative languages allow for the creation of long words via compounding. Words consisting of hundreds, or even thousands of characters have been coined with the goal of being ranked among the world's longest words.

Longest words - Wikipedia

This article contains IPA phonetic symbols. Without proper rendering support, you may see question marks, boxes, or other symbols instead of Unicode characters. For an introductory guide on IPA symbols, see Help:IPA.
