

hotel design planning and pdf

Hotel Puerta America allowed us full autonomy to design a floor of its property, comprising 30 rooms and all common parts. Our masterstroke, in response to clichéd hotel rooms, was to explore the fusion of elements, forms and textures, where floors, walls and furniture become one continuous surface; one seamless skin.

Interior design is the art and science of enhancing the interior of a building to achieve a healthier and more aesthetically pleasing environment for the people using the space. An interior designer is someone who plans, researches, coordinates, and manages such projects. Interior design is a multifaceted profession that includes conceptual development, space planning, site inspections ...

Urban design is the process of designing and shaping the physical features of cities, towns and villages and planning for the provision of municipal services to residents and visitors. In contrast to architecture, which focuses on the design of individual buildings, urban design deals with the larger scale of groups of buildings, streets and public spaces, whole neighborhoods and districts ...
