Financial accounting (or financial accountancy) is the field of accounting concerned with the summary, analysis and reporting of financial transactions pertaining to a business. This involves the preparation of financial statements available for public consumption. Stockholders, suppliers, banks, employees, government agencies, business owners, and other stakeholders are examples of people ...

Big Bath in accounting is an earnings management technique whereby a one-time charge is taken against

income in order to reduce assets, which results in lower expenses in the future. The write-off removes or reduces the asset from the financial books and results in lower net income for that year. The objective is to "take one big bath" in a single year so future years will show increased ...
