Anthropology, including the forces and processes of evolution, genetics, cellular biology, and hominid evolution and (2) an exposure to many of the subfields that make up the field of Physical Anthropology.

### **Introduction to Physical Anthropology - canyons.edu**

I'm thinking hard about ditching the textbook for my big general education (and major requirement) course: APG 201: Human Origins (aka Intro to BioAnth). It's for two main reasons: (a) seems like there may be enough high quality material available on-line for free to cover what this course requires, and (b) I don't teach the course in the order that any of the textbooks do.
