Consumer behaviour is the study of individuals, groups, or organizations and all the activities associated with the purchase, use and disposal of goods and services, including the consumer's emotional, mental and behavioural responses that precede or follow these activities. Consumer behaviour emerged in the 1940s and 50s as a distinct sub-discipline in the marketing area. In order to succeed ...

Consumer behaviour - Wikipedia

Social and emotional learning (SEL) is the process through which children and adults acquire and effectively apply the knowledge, attitudes, and skills necessary to understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions.

Comparative psychology refers to the scientific study of the behavior and mental processes of non-human animals, especially as these relate to the phylogenetic history, adaptive significance, and development of behavior. Research in this area addresses many different issues, uses many different methods and explores the behavior of many different species from insects to primates.

Published and unpublished information on Multics. References to 327 (160 online) technical papers and books, 74 (68 online) theses and technical reports, 364 internal memos, and 136 (104 online) manuals.

Multics Bibliography

What is the process that morphs an enthusiastic rookie showing up 90 minutes before the start of work into an angry and disconnected fire officer showing up 15 minutes before the start of work? Or worse, kill themselves? A white paper from the Ruderman Family Foundation showed that in 2017 there were more firefighter suicides than line-of-duty deaths.
