The DejaVu fonts are modifications of the Bitstream Vera fonts designed for greater coverage of Unicode, as well as providing more styles. The Bitstream Vera family was limited mainly to the characters in the Basic Latin and Latin-1 Supplement portions of Unicode, roughly equivalent to ISO/IEC 8859-15, but was released with a license that permitted changes.

DejaVu fonts - Wikipedia

Roboto is a neo-grotesque sans-serif typeface family developed by Google as the system font for its mobile operating system Android.. Google describes the font as "modern, yet approachable" and "emotional". The entire font family has been licensed under the Apache license and was officially made available for free download on January 12, 2012, on the newly launched Android Design website.
