Sheila Balakrishnan - Wikipedia

This atlas was undertaken with the idea that, there are many excellent text books, compendiums, and atlases on gynecology, there is no book which gives the student and physician the material which personal clinical observation should supply. This book provides a solution for this issue. The author has been made the text as practical as possible.

Textbooks of Obstetrics & Gynaecology: A Comparative Review

Awesome book. The best book for DNB & MS. Very clearly written and in lecture format. Sadly there are not much copies available.
