

the barter system 1 pdf

In trade, barter (derived from baretor) is a system of exchange where participants in a transaction directly exchange goods or services for other goods or services without using a medium of exchange, such as money. Economists distinguish barter from gift economies in many ways; barter, for example, features immediate reciprocal exchange, not delayed in time.

In economics, a local currency is a currency that can be spent in a particular geographical locality at participating organisations. A regional currency is a form of local currency encompassing a larger geographical area. A local currency acts as a complementary currency to a national currency, rather than replacing it, and aims to encourage spending within a local community, especially with ...

This comic was a collaboration between Dr Nick Barter (Griffith Business School) and Stuart McMillen (stuartmcmillen.com). Metaphors is based on Nick's 2011 conference paper Metaphors that facilitate Organisational Understanding.. Read my reflective essay on Metaphors discussing how the collaboration came about, and my discussion of the comic's meaning.
