The year 2011 marks the fiftieth anniversary of the publication of Emmanuel Levinas's Totality and Infinity, which now stands as one of the classic texts of the second half of the twentieth century. At this anniversary, this collection of essays suggests that a revitalized understanding of the text is needed.

Totality and Infinity (1961) is a central but very difficult text. In it Levinas argues that Western philosophy has been captured by a notion of totality from which nothing is distant, exterior, or other and that, thus, when persons who are different confront such totalistic ways of living and thinking, they go to war.

Totality and Infinity is the most difficult text I have ever read. The philosophy of Emmanuel Levinas, a Lithuanian-born French thinker who was one of the most influential postmodernists for much of the twentieth century, is quite intentionally unlike any other philosophy any other philosopher has produced.

Influenced in part by the dialogical philosophies of Franz Rosenzweig and Martin Buber, Totality and Infinity departs from the ethically neutral tradition of ontology to analyze the "face-to-face" relation with the Other. First published in English by Duquesne in 1969, this has become one of the classics of modern philosophy.

Notes to Emmanuel Levinas. 1. Levinas will call the face-to-face relationship â€œmetaphysical.â€• He does this repeatedly in Totality and Infinity. Cf. Totality and Infinity, Loc. cit., p.84. There, he writes, â€œwe have called this relation metaphysical.

## **Notes to Emmanuel Levinas - Stanford Encyclopedia of**

Infinity, the infinite obligation emanating from the face of the other, is not only opposed to totality, not only breaks with totality, but does so by drawing humanity higher than totality, better than totality, more nobly, toward the good and the just.
