Tourism is travel for pleasure or business; also the theory and practice of touring, the business of attracting, accommodating, and entertaining tourists, and the business of operating tours. Tourism may be international, or within the traveller's country. The World Tourism Organization defines tourism more generally, in terms which go "beyond the common perception of tourism as being limited ...

Introduction. Tourism is widely perceived as a potential economic base, providing elements that may improve quality of life such as employment opportunities, tax revenues, economic diversity, festivals, restaurants, natural and cultural attractions, and outdoor recreation opportunities.

Residents' perceptions of community tourism impacts

A number of points immediately demand attention. Firstly, the form and nature of relations between local people and tourists evidently varies significantly, from structured, commercial exchange-based encounters to spontaneous, serendipitous meetings or even relations that involve no contact or communication at all (that is, limited to the sharing of space).
